Nincs kérdésem.....

Tímea Sárík <[sarikt@gmail.com](mailto:sarikt@gmail.com)> (időpont: 2018. dec. 30., V, 21:45) ezt írta:

Szia,

Annyiért számolták a szállást mint az eredeti ajánlatban is volt :) csak az 1 személyes szoba drágább.

Azt írják, h a lovaglás 50 EUR/fő/alkalom, ezt majd a helyszínen kell fizetni, illetve a futásra nem kapott még árat a stadiontól, a többi benne van a szlában.

Autó kölcsönzést kérdezi, vagy 7 személyes gk EUR 50/nap, vagy 2 db 4 személyes gk EUR 30/nap. Ez sztem a kettő együtt ennyi, de erre még visszakérdezek, csak ő is úgy írja, h gondolja inkább ezt választjuk.

Ééés várja még a repülési időpontokat a transzferhez, ez alapján nem e reptéren vennétek fel az autókat, ami lehet jobb is ha nem késő este kell kavarnotok, ráadásul egy napot spóroltok is, de még erre is rákérdezek.

Neked van még vmi amit tisztázni kellene?

köszí pussz,

Timi

Dear Timea,

I need one clarification with respect to your training schedule swimming training will be for 1 hour as the next training will be at 9:30. Also how many athletes will train 4?

I would also to advise if you would like us to book the rental cars. Once I receive all replies I will send you the invoice as hotel require prepayment.

With respect to the form I have amended it manually and forwarded it to CTO.

Ok once you finalize the training schedule let me know so that I can proceed to book the facilities. The swimming pool is heated at a temperature of 27 C, there is also a 25m indoor swimming pool that has training sessions available during the day.

With respect to stadium the best option would be Lanitio that has been recently renovated. Fencing the schedule will be the same in January as in December.

Dear Timea,

The prices I have sent you are not excluding the CTO grant. The grant is payable after your departure from Cyprus. We will prepare all documents and coordinate with CTO in order for your club to receive the grant. A form will need to be sent to CTO prior to your arrival informing them about your intention of having the training camp in Cyprus and number of participants. CTO will send letter informing approval of the grant and amount approved. After you depart from Cyprus will need to send claim a for the grant and CTO will pay the grant to your club's account.

We will prepare all template documents that need to be submitted and request any information required.

I have contacted the federation but the guy that is responsible is in a competition currently abroad and cannot confirm but said most likely will be same time. Once I receive confirmation I will advise you accordingly.

Thank you very much for your kind help. In the final version we find the most ideal for us Hotel Navarria. Please confirm if we understand well, the price that is given in your offer is not reduced yet with the CTO EUR 125 per person? If we count it down from the price, makes us more happy, but doesn't change our choice if not. Could you please advise how to manage this hospitality grant if needed.

2019 JAN 29.

The other question, is your fencing athletes timetable the same like in December, so we could train with them in January too?

Thank you very much again, and waiting for your reply.

Dear Iris,

Thank you very much for your kindness!

Unfortunately, we have to change the date because it coincides with the Hungarian Federal Yearly closing ceremony.

The new date we saw on January 3-12. Everything else is unchanged: 6 people in 3 rooms.

Please, could you send us offer for this date too?

Thank you very much!

Dear Timea,

Actually booking the hotel is the easy part!

### Fencing

I will email the federation and inform them about your requirements and will advise you of their response (they have confirmed already verbally that you can train and they would need only details of the athletes and when you would like to train)

### Horse Riding

You can train at Curium Equestrian Center if the description provided below meets your requirements.

### Swimming

There is a 50m outdoor swimming pool very close to the hotels that is heated during winter months. The training sessions are available at 06:00-08:00, 10:00-12:00, 12:00-14:00 and 14:00-16:00

### Running

If you would like to train on the track there are two stadiums in Limassol.

If you would like to train at running trails there are running trails in Limassol

### Shooting

At Limassol international shooting range there is an indoor shooting range.

### Shooting & Running

A shooting trainer can arrange in an outdoor area near Limassol to combine trail running and set up the targets for the shooting.

Should you require any additional information please let me know.

Dear Iris,

On our side the training camp depends on the fencer partners. It would be great if we can train with the local junior or adult athletes. Besides that we would like to horse riding, to swim and to laser run. But we do not need a shooting range.

Thank you very much in advance

Dear Timea,

Please find attached prices as per your requested dates. Prices include accommodation on full board basis and airport transportation. As I already explained it would be cheaper to rent a car than arrange transportation for you. The cost for 2 cars will be EUR30 per day and for 7 seated car will be EUR50 per day.

It is possible to train for horse riding at Curium Equestrian Centre. They have an arena of 90x60m and have all the equipment for jumps. Their horses are appropriate for 1.20 jumps.

I have contacted Cyprus Fencing Federation and advised us that you can train with the local athletes and would need athletes ages.

Based on your training schedule and requirements will provide you with all relevant information. Looking forward to your feedback.

Dear Iris,

Thanks for your quick and kind reply.

Unfortunately we already have other programmes at that time, but if possible we would love to live with the opportunity on other dates. We have checked the flight tickets, so I can also specify our arrival and the final number of the participants.

On 05 December, 4 people from Vienna: 2 male coaches and 2 male athletes.

On 08 December, 2 people from Budapest 1 female coach and 1 female athlete.

On 12 December, we would all leave.

We would like to ask for accomodation:

05 December-12 December 2018 (7 nights) 2 twin, and from 08 December-12 December 2018 (4 nights) one more twin.

Would it be possible to practice horse riding there as well? (We would need to do it on every second day.)

Will there be training partners at that time for épée fencing?

Thank you very much in advance!

Dear Timea,

Please find attached prices for December 2018, I have included prices for period 04 December -15 December 2018 (11 nights) as on these dates there are direct flights from Hungary to Cyprus. Wizzair flies to Larnaca and Ryanair to Paphos on these dates. Larnaca and Paphos are both approximately 45 mins drive from Limassol.

In the prices I have not included transportation to the facilities as for 5 people it will be cheaper to rent a car rather than arrange transportation for you. You might be entitled to receive Cyprus Tourism Organization grant EUR125 per athlete (provided that their budget has not been met as end of the year). I will contact CTO and will advise you accordingly.

If you need any detailed information about the facilities please do not hesitate to request it from us. Please note that there running trails in Limassol and within short distance (45km) we have running trails at 1,700 – 1,800 meters, so please let us know if you want details of these trails.

Looking forward to your comments and feedback.

But we would like to go from about 5 december for 10 days. Could you even offer for this date?
